The Wilmore Sportsman's Association and Forest Hills Trout Co-op will be hosting our 5th Adult Fishing Derby on April 29th and 30th, 2023. Funds raised by the event will help support our hatchery which takes approximately \$8000.00 per year to operate. The local hatchery supplies the area streams with approximately 7000 fish for public fishing.

Proceeds will also benefit a Free Kids Fishing Derby. This fun filled day allows families to introduce their children to outdoor fun and encourage them to engage in wildlife and game activities. In order to do this, we are asking the support of the community.

Currently we are seeking donors to sponsor fish for the derby. Our goal is to tag 300 prize fish for participants. Donation levels are listed below. You have the option of selecting the number of fish you would like to sponsor with your monetary donation.

Donor names will be featured at the event and announced when prize is won. We will also list donors on our website.
